The silence at Esopus is making a good silent partner for "the silence of the grave."

Nine wars are in progress in the civilized world, not including the three little wars in progress in North Carolina.

Hurrah for Georgia! The Georgia Democracy understood the logic of the situation and "instructed" for Judge Parker.

Russia now sees her mistake in not having enough men in Manchuria to arrest the Japs when they went over there to raise a disturbance.

Editor Daniels' friends have been generous in their offers of money to pay the fine; but not one of them has yet carried him the head of Judge Purnell on a charger.

"Go Higher Up" is the text from which Editor Daniels has been preaching for some time. Now he is practicing what he preaches. And he is getting what he went for, too —a writ of *habeas corpus*.

In New York on Thursday, the wife of John Cuff shot him dangerously after having fired five bullets at him. She claims that he often beat her. She was evidently tired of being Cuffed about like that.

If Judge Purnell keeps Editor Daniels in jail much longer at Raleigh, the newspaper man will make so much glory and get such an increased circulation out of it that it will tempt other editors to get sassy towards judges.

Grover Cleveland announced three or four times that he was in no wise a candidate for the nomination at St. Louis on the 6th of July. He stifled a renewed Cleveland boom by declaring that he was for Judge Alton Brooks Parker. That settles it.

The Republican leaders announce with gratification that "The President will remain in the background till after the convention." He will get "used to the background" so that he will be at home there when Parker cuts the White House from under him next November.

Some newspapers criticise Lew Dockstader, the minstrel, because he didn't have his nerve with him and too quickly gave up the living pictures of the Roosevelt-Booker Washington stunt. Lew just felt like the President had a right to monopolize all the minstrel stunts about the White House, and that really he was an intruder.

EJECT BY ANY MEANS

Governor Aycock Says Call Military If Necessary to Remove the Receivers.

LIVELY IN A. & N. C. AFFAIRS.

Judge Purnell Accepts Bond of State, But Leaves Question of Restitution With Attorneys--Then Came a Clash. Federal Court Order.

[*Special Star Telegram.*]

RALEIGH, N. C., June 2.—After hearing argument this morning by counsel for Receivers McBee and Meares, of the Atlantic and North Carolina against such action, Judge Purnell accepted the bond tendered him by the officers of the road in accordance with the supersedeas by Chief Justice Fuller for retention of the State officers in possession of the property. Counsel for the State declined to argue as to whether the order of Chief Justice Fuller was effective, being signed out of the district, or whether the order could act as a restitution, the only question before the judge being acceptance of the bond under the order of the Chief Justice. After hearing arguments by W. W. Clark and W. H. Day against the acceptance of the bond and the effectiveness of the order, Judge Purnell stated that he had grave doubts as to the validity of the order, but out of deference to the Chief Justice, he would accept the bond and let the receivers test the other questions on appeal.

As soon as the bond was accepted, Governor Aycock wired Superintendent Dill at Newbern to take charge of the road, and counsel for the receivers telegraphed them instructions to hold the road at all hazards. To Governor Aycock's telegram, Superintendent Dill replied:

"Have notified McBee and Meares of the approval of the bond and my orders to take charge. They decline to recognize my authority. I have notified them that I am in possession and they will act at their peril. Must I put receivers out of the office?"

To this the Governor replied:

"Put receivers out. See Guion. If necessary call on the sheriff. If the military is needed, notify me. The order of the Chief Justice must be obeyed."

To O. H. Guion, counsel for the State in Newbern, the Governor telegraphed:

"Please see that the road is turned over to the directors. Take the sheriff with you. If necessary the military will be ordered out. The order of Chief Justice Fuller must be enforced with the whole power of the State."

A little later a telegram from Mr. Guion said Superintendent Dill was in full possession, having used constructive force only against Receivers McBee and Meares. A special from Newbern to-night says both receivers have left for Raleigh to consult counsel.

(By Associated Press.)

RALEIGH, N. C., June 2.—The final scene in the return of the Atlantic & North Carolina railroad to the State authorities was sensational. Judge Purnell approved the bond required in the supersedeas of Chief Justice Fuller, saying that he doubted its legality as it was signed out of the circuit by Chief Justice, but he would approve it in deference to his superior officer. He also questioned as to whether the State could get possession from the receivers without a further order.

Governor Aycock took hold. He wired the superintendent of the road at Newbern to take possession. The answer came back that the receivers would not recognize his authority, though warned this was at their peril. Supt. Dill asked if he should put them out.

Governor Aycock telegraphed back to put them out of the office and if necessary to call on the sheriff to do so, adding: "If the military is needed, notify me. Order of Chief Justice Fuller shall be obeyed."

The Governor wired authority to the sheriff and military to act if needed, saying the order of the Chief Justice should be enforced with the whole power of the State.

Finally, by the use of constructive force Receivers McBee and Meares were removed and are now on their way to Raleigh.

The arrival of President Bryan, of the Atlantic and North Carolina railroad to-night was signalized by the shrieking of whistles, ringing of bells, explosion of torpedoes and salvos of cheers. A band played "Hail to the Chief," and at Mr. Bryan's home in Newbern and informal reception was held.

IN THE COMMERCIAL DISTRICT.

Chamber of Commerce Meets This Afternoon—Cotton Cargo for Export.

Spirits turpentine closed on the local market yesterday firm at 53c. The market was quoted yesterday morning dull at 53¼c.

A general meeting of the Chamber of Commerce will be held at 3:30 o'clock this afternoon for consideration of an important traffic matter. A full attendance of members is desired.

The cotton market is declining in a jiffy. New York spot was quiet at 12c yesterday—a break of a cent and a quarter during the past three market days. The British steamer "Axminster" has about completed loading a cargo of something over five thousand bales at the Champion Compress and will probably sail to-day.

On Receivership Business.

Iredell Meares, Esq., left last night for Goldsboro in response to a telegram from his brother, Capt. Thos. D. Meares, one of the co receivers of the A. & N. C. railroad. Mr. Meares will meet Capt. Meares in Goldsboro presumably for a legal conference with reference to the A. & N. C. matter and he will probably accompany Messrs. Meares and McBee to Raleigh.

[*Special Star Telegram.*]

ELIZABETHTOWN, N. C., June 2.—The Bladen county convention was held here to day. Nineteen delegates were appointed to the State Convention. Bladen has 11 votes in the State Convention.

LUMBERTON, N. C., June 2.—The Robeson county convention held here to-day appointed delegates to the State and Congressional conventions. The strength of the various candidates for Governor was ascertained with the following result: Glenn, 20.25; Stedman, 6.63; Turner, 09; Davidson, .04. Robeson has 27 votes in the State convention. NO EXCUSE FOR VAGRANCY.

Mayor Faced the Tramp Problem in the Police Court Yesterday—Notes.

"There's no excuse for idleness in these times of general prosperity," remarked the Mayor as he gazed over a batch of warrants charging three white defendants with vagrancy in the police court yesterday. "The Devil finds work for idle hands to do," he told the prisoners a moment later when in one voice they began to make excuses. Peter Hancock, hailing from everywhere in general and nowhere in particular, couldn't satisfy the court as to his industry and integrity, and he got a straight sentence of 30 days on the county roads. Fletcher Kates and Berry Warrat said they had been working; had gone to the railroad for a job and had fallen asleep on the yards up there. They were given 24 hours to get employment or vacate the city. Sol Albritton, colored, charged with being drunk and disorderly, was fined $5 and costs. A soldier found asleep in the street, was let off with the costs.

BOARD MEETS TO-NIGHT.

Annual Appropriation to be Considered. Policemen Want Advance of Wages.

The City Board of Audit and Finance will meet to-night in special session to consider matters preliminary to the beginning of the new fiscal year, chief among the subjects being the budget of annual appropriations; the new tax ordinance and the award of yearly contracts for city supplies, all of which matters were passed upon at a special meeting of the Aldermen last week. It is learned that a new matter likely to come up is a petition for increased pay for policemen. The Aldermen agreed upon an advance for employes of the street department, and the policemen think they are entitled to some consideration in the same respect. They now receive only $1.50 per day and 10c. per day for uniform, while the sergeants of the force receive only 25c. per day more.

Capt. Owen Holmes Dead.

The STAR has learned with regret of the death of Capt. Owen Holmes, who left his home in Clinton, N. C., some time ago to join two of his sons at Tampa, Fla., but who became sick there and died this week at the age of 72 years. Capt. Holmes many years ago conducted what is known now as the Kennon Hotel at Goldsboro and was a brave Confederate soldier during the war. Capt. Holmes leaves a wife and five children—Messrs. Owen, Richard, Walter, Dobbin and Miss Mary Ann. The remains were taken yesterday to Clinton for burial.

COMPLETING DOCKET.

Superior Court Will Probably Reach End of the Term This Afternoon.

TRUE BILLS FOR MURDER.

Nelsons, White, and Janie Williams, Colored, Will Go on Trial for Their Lives--Solicitor After Perjurers. Other Court Proceedings.

An unexpected development in the Superior Court yesterday was the return by the grand jury of a true bill against the Nelsons, white, and Janie Williams, colored, charged with the murder of the old negro Chas. Fisher, who was found dead in a house of unsavory repute in McRee's alley about six weeks ago. Great difficulty was experienced in getting witnesses, but finally sufficient testimony was secured upon which the jury felt constrained to act. The jury came into court in a body shortly after the noon hour and presented a true bill against each of the defendants to the count. Early in the afternoon the prisoners were brought into open court by order of Judge Allen and were formally arraigned. By appointment of the court, Woodus Kellum, Esq., represented the defendants upon the arranigment and each of them pleaded not guilty to the charge. The case will likely not be tried at the present term of court unless the defendants submit to one or another of the lesser degrees of the crime with which they are charged. The drawing of a special venire and an examination of the large number of witnesses would require a much longer time than the court has at its disposal this week. Besides there are a number of other jail cases which will require nearly all of to-day's sessions to try. The docket will be cleared by this evening and court will take an adjournment for the term.

The grand jury has about completed its work and will be ready to make report to the court to-day. The court house and jail was inspected yesterday morning and in the afternoon the jury went out to visit the convict camp at Castle Haynes. The jury has worked with much dispatch and thoroughness and will have the thanks of the court for its services.

Court met at 9:30 o'clock in the morning as usual and the sheriff returned the talesmen ordered summoned for the day with the exception of J. P. Russell, J. C. Helms, G. H. Rogers, J. R. Kennedy, H. L. Rierb, and C. E. Gordon, who were not found. Excused by the court: H. D. Stanland and Jno. R. Mahoney. The first case taken up was that of Hosea Davis and Jim Marine, charged with false pretence in passing a Confederate bill over the bar of L. Southerland. Marine failed to appear and a capias was issued for his arrest. Davis went on trial and was found not guilty by the jury. He was represented by Brooke G. Empie, Esq.

The coterie of gamblers recently rounded up by the police was next entered upon. Stephen Williams, the negro who swore falsely, and escaped conviction on Tuesday and against whom Solicitor Duffy prepared another bill for perjury, was placed on trial again. Two other members of the same party in the "skin game" with Williams swore positively of his participation in the festivities, and the jury promptly returned a verdict of guilty. Williams was sent to the roads for 18 months. The other defendants convicted of gambling were "Son" Carter and Robert Bolton. The latter came over from the Mayor's court yesterday and was sentenced to six months. Bolton came near making his escape from the city prison the night before. Turnkey Frank Harper went to give the negro supper in his cell; Bolton dashed the victuals into the officer's face and sped out the door into the City Hall yard. The officer closely pursued, running the negro up Third to Chesnut street, down Chesnut to Second; down Second to the City Livery Co., where he was caught in the carriage house.

Frank James, the negro convicted the day before of resisting Officers Guy and Phillips, was charged with perjury yesterday, he having sworn that he never struck the officers. He was given an additional six months on the roads to the 12 months received the day before for resisting.

Divorces were granted to the following colored couples: Green Loftin vs. Nancy Loftin, grounds of abandonment and adultery; Rosa B. Patterson vs Wm. Patterson, grounds of abandonment.

In the damage suit of W. E. Beaton against the C. R., L. & P. Co., a judgment was recorded according to compromise by agreement of Russell & Gore, attorneys for plaintiff, and Iredell Meares, Esq., attorney for defendant.

Suit of City of Wilmington against Frederick H. Balliere was declared off according to compromise and full settlement of taxes, interest and costs.

The following talesmen were ordered for service to-day: J. E. Ennett, H. M. Millinor, Moses Padrick, G. E. R. Holt, J. E. G. Brown, John S. Piver, A. Shrier, W. E. Peterson, C. F. Seitter, Wm. Hayes, G. J. Boney, J. M. Bunting, L. W. Davis, E. T. Wade and T. S. Murrin.

Complimentary Dance.

The complimentary dance by Miss Leonora Cantwell to her advanced class in dancing and their friends at Wrightsville Beach last night was a most delightful affair, inaugurating the season's festivities at that popular resort. The party went down to the beach on the 8 o'clock car and returned to the city shortly before midnight. All had a delightful time.

PEEBLES' CONTEMPT CASE

Sinks Into Insignificance by the Side of Other Sensational Developments at Raleigh—Recess Until To-day.

[*Special Star Telegram.*]

RALEIGH, N. C., June 2.—The writs of habeas corpus for Kerr, Carroll and Southerland, sentenced to jail by Judge Peebles for filing affidavits in the hearing of the contempt rule made by Judge Peebles against the Roberon county lawyers, began before Associate Justice Connor, of the Supreme Court, this afternoon. The counsel for applicants for the writs asked that the prisoners be dismissed because the order of Judge Peebles adjudging them guilty of contempt was made in a case of which he had no jurisdiction and because the affidavits regarding drunkenness being made an issue in the contempt case against the lawyers, newspapers can be in contempt about a matter made an issue by the judge. Spirited speeches were made in advocacy of this motion by C. M. Busbee C. W. Tillett and Congressman C. R. Thomas, all for the prisoners.

Mr. Tillett made an especially spirited speech in which he declared the court should dismiss the whole proceedings and especially for the reason that it was a scandal on the judiciary and a dangerous attack on the independence of the bar. Justices Walker and Douglas are sitting with Justice Connor. A recess is taken to 9:30 o'clock to-morrow.

Judge Peebles is in Raleigh in attendance upon the hearing and is represented before the Supreme Court by Capt. W. H. Day and Col. T. M. Argo, of Raleigh.

Congressman Thomas, of Newbern, is a special friend of E. W. Kerr, of Clinton, and represents him and the other defendants. Besides Mr. Thomas there are also at Raleigh of counsel for the respondents, Mr. C. W. Tillett, of Charlotte; J. D. Shaw, Jr., of Laurinburg; U. L. Spence, of Carthage; H. McD. Robinson, of Fayetteville; John G. Shaw, of Fayetteville; Congressman G. B. Patterson, of Maxton, and Mr. C. M. Busbee, of Raleigh. The following witnesses and friends of the defendants are also present at the hearing: Messrs. F. R. Cooper, John E. Fowler, J. D. Kerr, M. J. Hobb, J. T. Williamson, A. D. Williamson, Haywood Benton, F. W. Crumpler, J. L. Barefoot, all of Sampson; H. H. McLendon, of Wadesboro; J. O. Carr, Wilmington; J. H. Fonville, W. L. Hill, J. W. Hill, H. G. Owens, R. L. Best, J. P. Wilson and A. H. Herring, all of Warsaw.

No particulars were given and Mr. Moore had been unable this morning to get further telegraphic communication with relatives in Georgia. Deceased was about 35 years of age, a son of the late T. M. Moore, of Duplin county, and had been engaged in lumber milling in Georgia the past ten years. HABEAS CORPUS WRIT

Case of Editor Daniels Before Circuit Judge Pritchard in Raleigh To-day.

PURNELL ALLOWS APPEAL.

But Prisoner Will Say Nothing Until After Consultation of His Counsel, Meantime Editing "Old Reliable" from the Yarborough House.

[*Special Star Telegram.*]

RALEIGH, N. C., June 2.—The latest turn in the contempt case against Josephus Daniels, editor of the *News and Observer*, is an order to-night by Judge Purnell setting out that the United States Supreme Court has just reversed the former decisions of that court that the decisions in contempt cases are not reviewable, and these being a question of jurisdiction in the case against Mr. Daniels, it is ordered that application heretofore prayed is allowed and that the respondent be relieved from custody of the United States marshal on his perfecting the appeal.

This order came after advices had been received here that Judge Pritchard had at Alexandria, Virginia, issued a writ of habeas corpus and would be here at 3 o'clock to-morrow to hear the case. Mr. Daniels said to-night that he had nothing to say regarding the order; that his counsel are in consultation, but a decision will hardly be reached before Judge Pritchard arrives to-morrow. He refuses to pay the fine and seems inclined to persist in his appeal to Judge Pritchard for a habeas corpus. He is still doing his editorial work in Room 28 at the Yarborough and receives many callers there.

Associated Press Accounts.

RALEIGH, N. C., June 2.—Following close on the habeas corpus ordering the marshal to produce him before Judge Pritchard, when the legality of Mr. Daniels' detention will be inquired into by the Judge, a message came to Mr. Daniels, who is in custody in the Yarborough House, from Judge Purnell, who had fined him $2,000 for contempt, saying that he had concluded to allow an appeal and that as soon as Mr. Daniels had perfected it he would be released on bond.

The attorneys for Mr. Daniels are in consultation to-night and have not yet announced their course. Nothing will be given out till after the arrival of Justice Pritchard who is to hear the habeas corpus case here to-morrow.

WASHINGTON, June 2.—Judge J. C. Pritchard, of the Fourth United States Circuit Court, to-day granted a temporary writ of habeas corpus ordering the release on bail of Josephus Daniels, president of the Raleigh *News and Observer*, who has been held in contempt of court by Judge Purnell, of the Federal Court. Attorneys for Daniels presented their petition and affidavit in the case at the home of Judge Pritchard in this city. Judge Pritchard declined to sign the writ in Washington which is out of his jurisdiction. Accompanied by the attorneys, he went to Alexandria, Va., where the writ was signed. He will hear arguments in the case at Raleigh to-morrow and will then give his final decision.

Former Governor Thomas J. Jarvis, of Greenville, and Robert T. Gray and James H. Pou, of Raleigh, who came to Washington to represent Daniels, received a telegram to-day from Governor Aycock, stating that Judge Purnell had approved the bond tendered by the Atlantic and North Carolina railroad and that the receivers which were named by the court were ousted. This action is the result of a writ of supersedeas granted by Chief Justice Fuller, suspending Judge Purnell's order naming a receiver for the road.

The attorneys in the Daniels case first presented their affidavit and petition for a writ of habeas corpus to the chief justice, who acted in the matter of releasing the road from the receivership, but referred the other matter to Judge Pritchard. Judge Pritchard arrived in Washington on yesterday from Richmond, Va., where he had qualified as judge of the Fourth United States circuit. In hearing the Daniels case he performed his first official act under his new judicial honors. The contempt case grows out of a published criticism of Judge Purnell's action in the receivership matter.

STREET WORK NOW RESUMED.

Permanent Improvement Begun Again. Operations at Rock Quarry.

Thanks to an amicable settlement of the rock quarry imbroglio, for the present at least, the permanent street improvement has been resumed with its old-time vigor. At the time the quarry was shut down a quantity of material was left on hand at the crusher as a surplus and that is now being hauled to the city pending the full operation of the quarry when the shafts are clear of mud and water.

Fifteen of the 20 carts laid off at the time the quarry was shut down have been re-engaged and the force is being rapidly re-organized. More or less demoralization, of course, resulted when the force was laid off, but Mayor Springer says the work will be in full blast again by Monday morning. At present the force is completing Grace, between Fifth and Sixth streets, and Walnut, between Fourth and Fifth. All the water has now been pumped out of the mines, which filled during "hostilities," and the mud is now being taken out.

Burned Man Improving.

Mr. A. S. Kemp, of Elizabethtown, Bladen county, who was so severely burned at the Bonlitz House in this city very early yesterday morning, particulars of which have been given in these columns, was reported from the hospital last night as improving a little, though he is not entirely out of danger. The indications late last night were more favorable. Mr. W. J. Kemp, of Elizabethtown, a brother of the burned man, arrived yesterday afternoon and went immediately out to the hospital.

WILMINGTON, N. C.

FRIDAY MORNING, JUNE 3.

PARKER'S NOMINATION ASSURED.

The STAR told its readers to look out for Georgia to line up in the Parker column with an "instructed" delegation.

At the Georgia State Democratic convention on Wednesday at Atlanta a resolution was adopted, instructing the delegates to St. Louis to vote for Judge Parker for the Presidential nomination, and while the resolutions received a small majority, they were ultimately passed unanimously and the unit rule was adopted. Instructions would have been adopted by a large majority, but three elements favored an unpledged delegation, viz: The Hearst advocates, those who took hope from a renewal of the Cleveland possibility, and those favorable to Parker but opposed to instructions. However, the final unanimity and satisfaction resulting from the action indicate that Georgia is solidly in the Parker column.

Last week Parker got 46 out of 76 delegates elected to the National Convention, and he gets a good start this week. In the National Convention it will require 663 votes out 998 to nominate. Already over 650 delegates have been elected, and of these Hearst and Bryan control less than 160. The great majority has been instructed for Parker or is favorable to his nomination. His nomination is already practically assured and it only remains for North Carolina to place herself in the instructed column when the State Convention meets at Greensboro on the 23rd of June.

Three States and one territory elected delegates on Wednesday—Georgia, Nebraska, Michigan and Oklahoma. Bsyan, as was anticipated, captured Nebraska and heads the delegation In Michigan the anti-Hearst men triumphed at every point, and while the delegation was instructed, it is favorable to Parker. The Oklahoma convention went for the Bryan idea.

THE REVIEW OF REVIEWS.

The American Monthly *Review of Reviews*, for June, has been received. This high class American publication is too well known to require such extensive notice as its superior table of contents would require. The purpose of its publishers is to produce timely and up-to-date discussions of current events and topics, and they succeed in a most eminent degree. The number before us is superb in the variety and interest of the matter to be found in its pages, among the articles being 22 on all the phases entering into the Presidential campaign. It is needless to mention the full contents of so complete a publication, and to say that the eclectic feature in its illustrations is surpassing in interest. Two articles are of special interest to Southern readers, "History teaching in the South" and "The Industrial South." Address "The Review of Reviews," 13 Astor Place, New York. Subscription price, $2.50 a year; 25 cents per copy.

DISTINGUISHED SOUTHERN EDITOR DEAD.

The death of Col. William Dallas Chesterman, at Richmond, a few days ago, removes from the field of journalism one of the South's ablest and most distinctly representative editors. He was noted many years ago as editor of the sterling old Richmond *Dispatch* and was also editor of the Richmond *Times-Dispatch*, a journal which does credit to the South in its sphere as a newspaper and distinguishes the best Southern thought in its able editorial conduct. Col. Chesterman was a courtly gentleman, a scholarly writer, and a thorough newspaper man. The STAR mourns that an editor of his class and lofty sense of honor has been called away from a sphere which his gifts and high character truly adorned.

In London on Monday, the Alake of Abeokuta, Upper Guinea, was presented to King Edward. He was arrayed even more *outre* than Solomon. The potentate wore a striking robe of canary-colored silk, over which was flung a mantle of canary plush, a pale blue cap decorated with lizards, and high yellow boots. A few nights ago the old rascal attended the Alhambra and was so delighted with the hundreds of ballet girls that he proposed to buy the whole bunch.

THE POST'S NEW EDITOR.

The succession of the lamented Col. Robert M. Furman, the able editor of the Raleigh *Post*, is Mr. Robert M. Phllip, who has been a member of the staff of that paper for some time. We have the pleasure of an acquaintance with the *Post's* new editor so that we know that the editorial mantle has fallen on worthy and capable shoulders. The ability and tone which marks the writings on the editorial page of our highly esteemed Raleigh contemporary justifies the declaration that Editor Phillips is eminently qualified by experience, judgment and resourcefulness to conduct the *Post* on the distinctive plane which it has occupied in North Carolina journalism.

"They cannot get together." This declaration was made a few days ago by Col. William Jennings Bryan, who was referring to the differences between the so called radical and conservative wings of the Democratic party. The "wing" with which Col. Bryan is trying to fly hasn't got enough feathers on it to be called a wing, so how can it flop together with the big wing?

During the past month there were 70 arrests in Raleigh by the police against 109 in May of last year. Of the 75 there 37 for drunkenness against 53 attributed to whiskey in May, 1903. The arrests during the month just passed were 4 less than the number in April.

"For about two years I suffered from a very obstinate case of dyspepsia," writes R. R. Secord, Esq., of 13 Eastern Ave., Toronto, Ontario. "I tried a great number of remedies without success. I finally lost faith in them all. I was so far gone that I could not for a long time bear any solid food in my stomach; felt melancholy and depressed. Some four months ago a friend recommended your Golden Medical Discovery.' After a week's treatment I had derived so much benefit that I continued the medicine. I have taken three bottles and am convinced it has in my case accomplished a permanent cure. I can conscientiously recommend it to the thousands of dyspeptics throughout the land."

CURRENT COMMENT.

—— The Hereros, whom the Germans are now fighting in southwest Africa, number 20,000 fighting men of a class, far superior to most of the African native races.

—— To an old Confederate it looks very much like the Japs have been studying Stonewall Jackson's tactics—whipping the enemy by sections.—Richmond Times-Dispatch.

—— The Rev. Dr. Parkhurst thinks Mr. Roosevelt is unsafe. Many people agree with the doctor on that point, and now it would be interesting to know what the Presidential thinks of Dr. Parkhurst as a dynamite mine.—Richmond Times-Dispatch.

—— The *Chronicle* places a good deal of faith in the estimate made by Major Wm. H. Bernard, of the Wilmington STAR, on the vote for the gubernatorial candidates, which is printed in to-day's paper. Major Bernard has a reputation for being exact with his figures, and his forecast of the first ballot, we predict, will be found to have been mighty close. It is understood here that the Turner vote, when it does break away, will in a large part go to Stedman. Some of the Davidson vote will also go that way.—Charlotte Chronicle.

A Reliable Medicine.

A Reporter of the Star Interviews One Local Druggist, Mr. Robert R. Bellamy.

The Interview of Interest to Every Person in Wilmington.

So many patent medicines and advertised cures are now offered to the public that our readers should be glad to know the opinion of a man who has spent years in handling them, and profits by his advice.

Said Mr. Bellamy, "After having sold drugs and all kinds and makes of medicines for so many years, naturally we have learned something about them, their value and power to cure.

"There is no one medicine that will cure everything, but this I do know, that if the people of Wilmington only realized the wonderful curative and strength-creating power of Vinol, I would not have clerks enough in my store to put up the orders for it."

Continued Mr. Bellamy, "You see Vinol is not a patent medicine, and it actually does contain every one of the fiftyodd medicinal curatives taken from fresh cod's livers, with other vitalizing ingredients. It contains no poisonous drugs or nauseating oil, and you know just what you are taking. Vinol has wonderful life-giving properties; it tones up and invigorates every organ of the body to do its work, and we know it will make rich, red blood, build up the depleted system and create strength.

"When I tell you that we have never sold in our store such a valuable remedy as Vinol for the following ailments, and that if it fails to accomplish what we say it will, we will refund your money, it will show our faith in its wonderful curative and vitalizing powers.

"It will build up run-down, tired, debilitated people. It will make the weak and sickly strong and well. It will make flesh for thin people. It will increase the appetite. It will cure nervousness, irritability and sleeplessness. It will cure stomach troubles, dyspepsia and indigestion. It will make rich, red blood. It will make weak, puny, ailing children strong and robust. It is the greatest strengthener and body builder in the world for old people. It is a great strengthener for weak women. It is a boon to nursing mothers. It will positively cure chronic coughs and colds. It cures bronchitis. It makes weak lungs strong and is of untold value in consumption and all wasting diseases. For the convalescent it has no equal as a strength maker.

"I cannot make a stronger statement and can only ask such people in Wilmington to try Vinol on my guarantee." Robt. R. Bellamy, Druggist.

HOMEMADE GIFTS

How to Make a Number of Inexpensive Christmas Presents.

A dainty and inexpensive penwiper is made with the aid of a little Chinese doll. Find a small kneeling one about two and a half inches high and make a pretty little coat for it out of some bright bit of velvet; gather a pretty contrasting color of silk beneath this for a blouse, and then let the little figure rest on a few circles of felt nicely pinked around. Fasten these in the center of the circle and then glue the man upon them.

Silver napkin rings which are no longer used may be made into very attractive little pincushions by fitting a piece of cardboard into one end and filling with a round pincushion, which will fit into the ring and show above the top. The pincushion should be filled with bran.

A pretty glove box is made as follows: The box should measure 10 inches long, 6 inches wide and 3 inches high at the front and back, but owing to the crowned top it will be half an inch higher at the middle. Stout pasteboard will answer for the frame. Cut two pieces 10 inches long and 3 inches wide and two 6 inches long and 3 inches wide for the sides and ends. Embroider a garland of flowers on linen pieces to fit the front and ends and draw them so when the sides are put together the bows, ribbons and garland ends will match.

A watch stand is a very acceptable present and is pretty when made from white linen embroidered with tiny flowers. Cover four pieces of cardboard 3 by 4 inches with linen. Overhand together so as to make two double faced pieces. Then sew these two pieces together at the top and fasten a piece of ribbon three inches long to the lower edges of the frame. Screw a tiny brass hook into the front card an inch from the top. This is a convenient article to stand on a table by the bedside.

A pretty hanging letter holder is useful for the desk and is easily made. The back is cut from cardboard, fancifully shaded and covered with plain silk, elaborately embroidered with flowers in embroidery silk. To this section is attached a pocket of bright figured silk gathered near the top to form a frill and finished at the bottom with silk tassels. The holder is ornamented at the top and sides by rows of wide satin or silk ribbon.

To make a pretty picture frame take any old picture frame, sandpaper down to obtain a smooth surface, paint over with common white paint and when about half dry scatter coarse sand, sawdust or kernels of rice over evenly; let it become perfectly dry and then paint over again very lightly with white enamel paint or gold paint.

How to Make Bavarian Cake.

Bavarian Christmas cakes are held in such high esteem by those who regard them as a national delicacy, as we look on our pumpkin pie, that some Bavarians send to their own country every year for flour and wine, so that they may be sure to secure the true flavor. The following is the recipe, and from it American flour and American wine will produce satisfactory results. The cakes are difficult to mix properly, but are well worth the trouble, and when packed in fancy boxes or baskets they make a pretty little trifle for a Christmas present to an acquaintance: They require three-fourths of a pound of flour, one-half of a pound of butter, one-fourth of a pound of granulated sugar and the yolk of one egg and three tablespoonfuls of white wine. The butter and sugar are worked thoroughly together and the flour added until they are of a consistency to roll out. They should be about three-quarters of an inch thick and cut in different shapes.

How to Make Sugared Popcorn.

Sugared popcorn can be made for Christmas in several ways. For molasses popcorn take a half cupful of granulated sugar and a cupful of New Orleans molasses and a small piece of butter. Boil over the fire, stirring occasionally until the sirup threads; then pour it slowly over the loose popcorn, mixing the corn with a spoon, so as to distribute the sirup evenly. If one desires it can be molded into balls or served loose in a bowl. Maple popcorn balls are made in the same way, using maple sirup instead of molasses. A plain sugar sirup, colored with a little cochineal water, may also be used, and the bright pink popcorn will delight the children.

FAMILY CARES.

This Information May Be of Value to Many a Parent in Wilmington.

When there is added to the many cares inseperable from the rearing of children that affliction of weakness of the kidneys and auxiliary organs, the mother's lot is far from a happy one. This condition can be quickly changed and absolutely cured by the use of Doan's Kidney Pills. When this is known the parent's burden will be lighter and her home happier.

J. T. Ebert, of 515 South Sixth street, mattress maker, says: "I used Doan's Kidney Pills in my family. My little girl complained of severe pains in the small of her back and the kidney secretions were dark and full of brick dust sediment. We were very much worried about her and when I learned of Doan's Kidney Pills I went up to R. R. Bellamy's drug store and got a box and gave them to her. Since using them she has improved wonderfully and is a different child. Her kidney secretions cleared up, she does not complain of her back and in fact Doan's Kidney Pills gave her new life. We are very much pleased with them and you can use my name and welcome."

COTTON MARKETS.

By Telegraph to the Morning Star

NEW YORK, June 2.—The cotton market opened rather steady in tone at a decline of 4@9 points and immediately turned sensationally weak under active liquidation that seemed to come from practically all sources, but which was believed to originate chiefly with New Orleans. Inside of a minute almost, July had broken twenty-four points and continued to decline until it had reached 11.51, a net loss of about forty-five points. It looked as though over-night calls for additional margins had brought in heavy selling orders, for nearly all the big wire and commission houses were heavy sellers on the decline. The new crop months ruled relatively steady, being sustained by covering in spite of the excellent weather and as the selling pressure seemed to subside somewhat, toward the end of the first hour prices rallied in a nervous sort of way on covering by room shorts. After selling back to 11.78 for July, with the new crop back to about the closing prices of the previous night, however, there was a renewal of selling by houses with New Orleans connections, and with some bear pressure from Wall street sources the market again began to decline. July gradually broke into new low ground and ran into fresh stop orders below 11.50. One broker who had a comparatively small selling order was forced to offer and re-offer his cotton and could not find a buyer above 11.36. At this level which represented a net decline of sixty points the market steadied slightly and in the late trading showed some disposition to do better, closing steady five to ten points up from the bottom, but at a net decline of ten and fifty points. Sales were reported of 600,000 bales or the largest day's business since the exciting times just following the Sully collapse. Receipts were moderate and spot markets generally lower and quiet.

NEW YORK, June 2.—Cotton was quiet at 12.00c, net receipts — bales; gross receipts 478 bales; stock — bales.

Spot cotton closed quiet and 40 points lower; middling uplands 12.00c; middling gulf 12.25c; sales 797 bales.

Cotton futures market closed steady: June 11.30, July 11.46, August 11.25, September 10.65, October 10.31, November 10.23, December 10.23, January 10.34.

Total to-day, at all seaports—Net receipts 2,281 bales; exports to Great Britain 543 bales; exports to France — bales; exports to the Continent 2,138 bales; exports to Japan — bales; exports to Mexico — bales; stock 283,616 bales.

BLOCK SIGNAL SERVICE

The greatest railroad companies of the country employ the best engineers and most careful trainmen. Yet they spend thousands of dollars in equipping their roads with the block signal system so that they can be absolutely sure of the best service and of the public safety. That is just the principle that obtains in our prescription department. We double every check BY that goes over our counter. Then, too, we employ competent men to prepare prescriptions, but we don't stop there. The man's work is checked and verified before the medicine leaves the store.

It is quite reasonable to expect good med cine from Ahrens'. Active demand keeps the stock fresh. And again the active demand warrants us in carrying a large variety of goods so that every demand can be met. And still again, the active demand brings us to a reiteration of our motto, "Quick sales and small profits." Send the prescription to Ahrens'

SPIRITS TURPENTINE.

— Asheville is to have a new and handsome passenger station.

— At a barrel factory at Aurora on Wednesday Rufus Harding, colored, fell into a tank of boiling water in which the barrel hoops are steamed. He died of his injuries.

— In the Supreme Court at Raleigh on Wednesday a decision was handed down, in which it was held that a wife can sell her property as she pleases without the consent of her husband.

— Raleigh News and Observer, June 1st: Mr. James Fitts, who is here for the purpose of talking up the Socialist party, was stopped from delivering a speech on the streets here last night. Two street preachers were also stopped.

— Boone Dew Drop: Mr. Joseph Dougherty, of Clifton, was here last Wednesday night. He is interested in the purchase of about 60,000 acres of land on the Yadkin river by the Yadkin River Lumber Company. The railroad from Wilkesboro will be extended to these lands and he thinks may cross the Blue Ridge at Cook's Gap.

— Greensboro Telegram: What a splendid stroke that was for the anti-receivership people when they induced Chief Justice Fuller of the United States Supreme Court to set aside the receivership of Meares and McBee! To the thousands of North Carolina people who haven't liked the receivership business from the start the news of Chief Justice Fuller's action will be most welcome.

— At Winston-Salem on Tuesday District Attorney Holton was asked if Judge Boyd, of the Western North Carolina circuit court, would take action against the parties who serenaded him in Wilkesboro two weeks ago with tin pans, etc. "This is a matter for Solicitor Graves to handle," replied the district attorney. In discussing Judge Boyd's serenade Mr. Holton stated that several years ago some parties were indicted in Yadkin county for serenading a newly married couple. They were tried and convicted.

— Six representatives of the prohibition party of North Carolina held a meeting of the executive committee in Greensboro Wednesday evening. Delegates were appointed to the national prohibition convention which meets Indianapolis, June 29th, to nominate candidates for president and vice president of the United States. It was resolved to put out a State ticket to be voted for at the next election and a committee was appointed to fill out the ticket.

—Washington Gazette-Messenger: A gentleman of this city was called into the country on business yesterday. He tells us that one of the most interesting scenes he saw during his trip was on the farm of Mr. J. P. Bowie. In connection with his other farming operations Mr. Bowie is raising a fine lot of white Wyandotte chickens, a business he finds quite profitable. When feeding here and there over his beautiful green lawn they present a picture that makes a fellow feel that he would like to engage in the business himself.

— Chatham Record: Only negroes were elected as delegates to the National Republican convention of the Second Congressional district, held at Weldon on last Saturday. This is the old negro district that used to elect a negro Congressman before the suffrage amendment was adopted, and would again elect a negro Congressman if all the negroes could vote. Well, it seems quite fit and appropriate that negroes should be delegates to nominate Roosevelt, who ought to have Booker Washington as his running mate.

— Clarkton Express: Situated in Carver's Creek township, about three miles from the Cape Fear river, is a red oak tree that has stood the storms for perhaps more than a century. A few days ago in passing by we were struck with its enormous size, and stopped to measure it. By actual measurement this tree one foot from the ground is twenty-one feet in circumference and seven feet in diameter; one hundred and thirty-five feet from tip to tip of limbs, one limb being seventy-two feet in length. Is there another larger than this in the county?

— Raleigh Post: To those of us who live under the free government over which the stars and stripes proudly float, it is strange reading—those stories about a collection of war ships of different countries, among them seven vessels from our own navy, in the waters about Tangier, Morocco, for the purpose of inducing a Moorish bandit to release two men he has kidnapped and is holding for ransom. It is impossible to imagine such a state of affairs as happening here, and this leads to the reflection that we live in the best country on the globe.

— Robert D. Wagoner, rural mail carrier between Winston and Walkertown, arrested Wednesday on the charge of stealing letters from the Winston-Salem postoffice, waived examination and was bound over to the next Federal Court in a bond of $800. His plan of stealing letters, as alleged, was to take ordinary and special delivery letters after the mail was made up in the office to be sent away on the early trains. Letters not containing money were burned in a furnace under the postoffice. Wagoner has a wife and three small children. At the time of his marriage his wife was postmistress at Walkertown.

Startling Evidence.

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's New Discovery for Consumption, Coughs and Colds to be unequalled. A recent expression from T. J. McFarland, of Benterville, Va., serves as example. He writes: "I had bronchitis for three years, and doctored all the time without being benefitted. Then I began taking Dr. King's New Discovery, and a few bottles wholly cured me." Equally effective in curing all Lung and Throat troubles, Consumption, Pneumonia and Grip. Guaranteed by R. R. BELLAMY, druggist. Trial bottles free; regular sizes 50c and $1.00.

Schlitz

Compare Our Methods

You will realize then why Schlitz beer is pure.

You wash a cooking utensil once. We wash a bottle *four* times, by machinery, before we fill it.

You use city water. We bore down 1400 feet to rock for ours.

You prepare food in the air of the room. We cool Schlitz beer in plate-glass rooms and filter all the air that touches it.

Then we filter the beer by machinery—filter it through white wood pulp.

Yet your methods are cleanly. Ours are cleanliness carried to extremes.

Then—for fear of a touch of impurity—we sterilize every bottle after it is sealed. We double the necessary cost of our brewing to give you a healthful beverage pure.

Do you wonder that we sell over a million barrels annually? Ask for the brewery bottling.

The Beer That Made Milwaukee Famous.

Willing to Assist.

There was a worthy Irish member of parliament who was so generous that a request for financial assistance was never refused. But his checks had one little drawback—they were never honored. The shortcoming naturally in time became known, but it did not affect his popularity. A visitor to the district, hearing of the member's peculiarity, asked a leading politician how it was that public faith in the member was not shaken. "Why, sure, it is because he shows his willingness to assist but for lack of funds," was the reply.

Worst of All Experiences.

Can anything be worse than to feel that every minute will be your last! Such was the experience Mrs. S. H. Newson, of Decatur, Ala. "For three years," she writes, "I endured insufferable pain from indigestion, stomach and bowel trouble. Death seemed inevitable when doctors and all remedies failed. At length I was induced to try Electric Bitters, and the result was miraculous. I improved at once, and now I'm completely recovered." For Liver, Kidneys, Stomach and Bowel troubles Electric Bitters is the only medicine. Only 50c. It's guaranteed by R. R. BELLAMY, druggist.

WILMINGTON, N. C.

FRIDAY MORNING, JUNE 3.

U. S. WARSHIPS AT TANGIER.

Patiently Awaiting the Result of Diplomatic Pressure Upon the Sultan of Morocco to Secure Release of Captives.

By Telegraph to the Morning Star.

WASHINGTON, June 2.—A cable message received at the Navy Department from Rear Admiral Chadwick reported that the gunboat Marietta, of the South Atlantic squadron, left Tangier to-day for Gibraltar. It is assumed here that the vessel has gone to the British port merely to get mail and fresh provisions for the squadron. The two cities are only about three miles apart. There were no fresh developments in the Perdicaris case made known to-day. Rear Admiral Chadwick and his fleet of seven warships will patiently await the result of the diplomatic pressure now being exerted upon the Sultan of Morocco by the representatives of Great Britain, France and the United States to secure the release of Perdicaris and his step-son, Varley.

TANGIER, MOROCCO, June 2.—The Italian third class cruiser Dogali arrived here to-day.

A delegation of chiefs of the Angerra tribe has left here to make a personal appeal to Raisuli, the bandit chief, to release Messrs. Perdicaris and Varley in order "to prevent foreigners opposing the Moslem faith and the expulsion of native Mohamedan

This mission is considered important as the Mohammedan chiefs unite in appealing to Raisuli not to endanger their religious supremacy in Morocco. The French government relies much upon the appeal to Mohammedan sentiment.

The natives are greatly excited by the arrival of so many foreign warships. They call all foreigners "Roumis," meaning infidels, and they fear the Roumis are about to make a united effort to drive out those who are of the Mohammedan faith.

Rear Admiral Jewett, and United States Consul General Gummere visited the representatives of the Sultan, Mohammed El Torres, at noon, and were saluted by the battery. Mohammed returned the visit at the consulate the flagship Olympia firing a salute in his honor. Admiral Jewett subsequently called on the British minister.

TROLLEY CARS IN COLLISION.

Six Persons Killed and a Dozen or More Others Badly Injured Near Norwalk, O.—Cars Running High Speed.

By Telegraph to the Morning Star.

NORWALK, OHIO, June 2.—In the most terrible accident in the history of the Lake Shore Electric Railway, six persons were killed and a dozen or more others badly hurt this afternoon, as the result of a collision between an east bound fast electric passenger car and a west bound "freight" car, at Wells Corners, a few miles east of this city.

All those who were killed were in the smoking compartment of the passenger car and death came instantly, the bodies showing no sign of life when the rescuers went to work after they had recovered from the first shock of the accident. The injuries of several of those hurt are so serious that they may result fatally.

Just why the accident occurred is not known. The cars were the largest type of suburban electric cars and they were smashed to pieces, the freight being broken in two. Both cars were running at high speed and met in collision at full speed, there being no time to slacken the speed.

Twenty Persons Injured and Buildings Destroyed in a Nebraska Town.

By Telegraph to the Morning Star.

OMAHA, NEB., June 2.—Reports from Tekamah, which was struck last night by a tornado, indicate that about twenty persons were injured, some of them seriously. There were no fatalities.

The storm wrecked most of the buildings in its path which was a block in width and several blocks long. The Opera House, two general stores and several residences were destroyed. A high school commencement rehearsal was in progress in the Opera House when the storm struck the building, carrying away the room and partially wrecking the walls. A number of pupils were injured. The property loss is estimated at $50,000.

JAPANESE LANDING ARMY AT TAKUSHAN

Withdrawn Their Posts from Positions Near Vafango, Destroying Bridges.

MOVEMENTS OF RUSSIANS.

Gen. Stalkenburg With 14,000 Men Marching in Direction of Wa Fang Yien. Chinese Bandits Preparing to Cut Railway North Mukden.

By Cable to the Morning Star.

VANZALEE, MANCHURIA, June 1.—The Japanese are landing another army of 50,000 men at Takusham, it is reported.

Japanese were withdrawn to-day from positions near Vafangow, destroying the bridges as they retired. They were busy during the night removing the wounded from the battlefield and burying the dead.

LONDON, June 3.—The Daily Mail's New Chwang correspondent, cabling under date of June 2nd, says:

General Stalkenberg, with 14,000 Russians, made up of artillery, cavalry and infantry, has marched south of Kiau Wan in the direction of Wa Fang Tien.

Large forces of Chinese bandits are collecting in the hills northeast of the Liao river and are preparing to cut the railway north of Mukden.

The correspondent of the "Daily Express" at Nagasaki cables that transports loaded with troops continue to leave western Japanese ports daily for the theatre of war. A large proportion of those despatched during the past week he says, were to reinforce General Oku.

Russians in Corea.

VLADIVOSTOK, June 2.—Letters from the theatre of war report that Russian raiders have succeded in penetrating as far as Gen San and also south of Anju. They have destroyed depots of Japanese supplies and captured provision trains. Coreans are fleeing into Manchuria to escape the hardships of war. Chinese are moving from Kwan-Tung into northern Manchuria in order to avoid living in territory under Japanese control.

Strength of Japs' Forces.

MUKDEN, Wednesday, June 1., (Delayed in transmission) Lieutenant Colonel Gourko arrived here from Port Arthur after safely crossing the Japanese lines.

ST. PETERSBURG, June 2.—Lieutenant General Gourko is attached to the staff of General Fock, and was the bearer of important information regarding the fighting at Kin Chou and the situation at Port Arthur. A long dispatch is now being deciphered at the war office. It probably contains the intelligence brought by Lieutenant Colonel Gourko, and it is believed that at least a portion of it will be given out to-night. According to information in possession of the general staff, the enemy has five divisions and five roserve corps, about 80,000 men on the Liao Tung peninsula and at least seven divisions and seven reserve troops, or about 125,000 men, in Southern Manchuria. Although the impression prevailed among the members of the general staff that Kuroki's purpose was to make feint to prevent General Kuropatkin fsom moving, but not to attack him until the result of the campaign against Port Arthur is determined, there is now apparently more inclination to think he will try a demonstration in force which might result in a decisive engagement. The Japanese commander is constantly shifting his columns back and forth to conceal his real purposes, the latest reports received being that he had again abandoned Saimatza north of Feng-Wang-Cheng.

All the reports drifting into General Kuropatkin's headquarters from the Kwang-Tung peninsula are increasing the extent of the Japanese losses at Kin-Chou, one to-day making the number at about 20,000 men.

Affairs at Port Arthur.

ST. PETERSBURG, June 2.—It can safely be predicted that the Russian squadron at Port Arthur will not wait until the last moment before going out. The admiralty seems to entertain no fear, if the situation there becomes desperate, that the squadron will be caught like a rat in a trap. Rear Admiral Wittsoft's dispatch, given out yesterday, gave assurances on this point, a portion of which, not made public, said that every ship except the Pobieda was now ready to go to sea at a moment's notice and that the channel was clear. He confirmed the belief which existed here that the Japanese will continue their efforts to block the channel before the decisive moment to storm the foriress on the land side arrives, and have made plans accordingly. In the opinion of the most competent military critics the land fortifications must be breached before a general assault can be risked, and this is not considered possible in less than three weeks.

Alexieff and Kuropatkin.

PARIS, June 3.—The correspondent of the "Echo De Paris," at St. Petersburg, telegraphs:

"Viceroy Alexieff and General Kuropatkin having asked the Emperor to settle their dispute, his majesty summoned a council of war, including Minister of War Sakaroff, Marine Minister Avellan and Minister of the Interior Plehve. The council debated for several hours at Tsarkoye Selo.

"I have reason to believe that the necessity of preserving the naval base at Port Arthur and the loss of prestige that the fall of Port Arthur would entail were the arguments which prevailed in the council. General Kuropatkin has, therefore, been advised to attempt to relieve the fortress, but to act with the greatest prudence. A general whom I interviewed on the subject of the council said:

"'If Kuropatkin is weak enough to advance he will commit a serious blunder. The number of his troops is insufficient and the conditions under which he would act are unfavorable. He might meet an almost irreparable reverse and Port Arthur be further from relief than ever. If we try to relieve Port Arthur we will be doing exactly what the Japanese hope'".

Conditions at Port Arthur.

LONDON, June 3.—The "Times'" steamer Haimun returned to Che Foo June 3rd, from a cruise in Hin Chou bay. The correspondent aboard learned from Port Arthur refugees that the native and civilian population only get such food as arrives by junk from Chinese ports or what they have themselves secreted. The military authorities have requisitioned all available food. On half rations it is estimated that the garrison has enough for five months.

The five damaged warships moored at the Port Arthur jetties, the "Times" correspondent learns, have been denuded of everything movable. Lieutenant General Stoessel retains a large number of junks in the roadstead. The object of this measure can only be conjectured.

MYSTERIOUS MURDER NEAR PHILADELPHIA.

Remains of an Unknown Man Found in a Marsh—Attempt Made to Destroy Identification by Burning Body.

By Telegraph to the Morning Star.

PHILADELPHIA, June 3.—Detectives of Delaware county and this city are working hard in an endeavor to unravel the mystery connected with the finding of the body of a man on Decoration Day in the marsh close to the banks of Darby creek, south of here. On the banks of Darby creek are scores of boat houses, many of them being the rendezvous of dissolute men and women who spend nearly every Sunday during the Summer months in drinking and carousing.

It is evident that an attempt had been made to destroy all means of identification by burning the body, and the murderer or murderers covered their tracks well. Within a few hundred yards of the spot where the body was found is the farm house of William Home. On the night of Sunday, May 22nd, a rope and two pieces of chain were stolen from Home's barn. This chain was found close to the body of the murdered man. It had been fastened to fence posts by staples, and after close investigation the detectives have come to the conclusion that the man had become involved in a quarrel over a game of cards in one of the boat houses and had been murdered; that his body was chained to the posts, saturated with oil and then set on fire. A two gallon oil can, comparatively new and which had been stolen from the Home residence, was lying close to the charred trunk, which would seem to bear out this theory. The suspender buckles, half of a hand and the toe of a shoe are the only means by which the detectives can hope to identify the murdered man.

NEW ENGLAND COTTON MILLS

Shutting Down to Curtail Production. Thousands of Operatives Thrown Out of Employment.

By Telegraph to the Morning Star.

BOSTON, MASS., June 2.—Orders were issued to-day by several cotton mill managers, instructing agents to curtail production on account of the depression in the textile industry. Many mills in southern and central New England have been running on short time all the Spring and at present about fifty thousand operatives are affected. The employers of the Hemberton mills of Lawrence were notified to-day that the plant would be shut down on Saturday for two months. A similar notice was posted also at the Methuen mills in Methuen. About 1,000 hands are employed by the two concerns. The Arlington mills cotton department at Lawrence is on short time.

The mills of the Wamsutta corporation, the largest in New Bedford, were closed to-night for the remainder of the week. It is understood that three of the mills operated by the corporation will remain closed for some time, while the others will run only four days each week. The Wamsutta company employs about 3,000 hands.

The New Bedford mills have been running on full time and the Wamsutta is the first there to adopt a short time schedule. The curtailment possibly may extend to other mills, as some of them are controlled by interests which are identified with the Wamsutta management.

The Edwards Manufacturing Company, of this city, will close its mills at Augusta, Me., in July for two months. There are about 1,400 operatives in Augusta.

DIAMONDS WORTH $10,000

Found in a Field Near Lucama, N. C. Supposed to Have Been in a Mail Car Burned in a Wreck.

By Telegraph to the Morning Star.

CHARLESTON, S. C., June 2.—The finding of a large number of diamonds in a field near Lucama, N. C., causes considerable stir thereabouts. An Atlantic Coast Line passenger conductor who runs on the "short cut" past Lucama, says the value of the diamonds found is more than $10,000. When the south bound West Indian mail ran into some box cars at Lucama, a car-load of fertilizer was wrecked. The mail was thrown on top of the fertilizer car and was burned. The fertilizer was sold to a farmer near by, and he hauled it out to his farm and scattered it in his field. When it was being distributed the hands picked up several pretty diamonds which they took to be pieces of glass. The farmer immediately began a careful search of the field and soon secured $8,000 worth of diamonds, which was subsequently increased by $2,000 worth. As soon as the news spread people from all the neighboring sections came and joined in the search, and the field was so upturned that his entire crop had to be re-planted. The conductor says he has seen several of the diamonds and that they are undoubtedly genuine. Nothing has been heard from the actual owners of the diamonds.

AT SPRINGFIELD, OHIO.

Negroes Attempted to Lynch a Colored Man Under Arrest for Murder.

By Telegraph to the Morning Star.

SPRINGFIELD, O., June 2.—Another lynching was attempted here last night. BANKS DEFRAUDED BY THEIR EMPLOYES

Teller of National Tradesmen's Bank, of New Haven, Confessed Embezzlement.

A LOSS OF $30,000 TO $60,000.

Bookkeeper of the National Howard, of Baltimore, Short in His Accounts. Trusted Employe of a Trust Company is Missing.

By Telegraph to the Morning Star.

NEW HAVEN, CONN., June 2.—A loss of from $30,000 to $90,000 through the embezzlement of its funds by a trusted employe, Douglass M. Smith, is admitted by the officers of the National Tradesmen's Bank, of this city. The exact loss is not yet known. Smith, who was paying and receiving teller of the bank, has acknowledged voluntarily that he embezzled about $30,000, and the greater part of it, if not all, within the past eight or nine months.

In a statement given out to-night by Cashier H. W. Thompson, of the bank, the following explanation of the situation is made:

"The examination by the national examiner was held last December and that by the committee of directors shortly afterward. In neither examination was any discrepancy in the accounts of Mr. Smith discovered. When it was decided to have another examination on Tuesday night last, Mr. Smith did not come to the bank. He sent a message saying that he had been taking money freely from the bank and that he was not able to cover it up. He said that as he could not hope to make good the loss he would not run away but would meet whatever punishment the court might mete out to him. As near as we can make out by the examination thus far given, we believe that he has taken about $30,000. That is the sum which he himself estimates. He was under bonds for $15,000 given by an indemnity company. As Mr. Smith says he has not saved a penny during his lifetime and cannot make good the loss we shall have to stand the balance of the defalcation above the $15,000 in the bond.

"Mr. Smith says he has been speculating, and that he took the money for that purpose. The bank is safe and sound. There is no danger to either our depositors or our stockholders." Smith was arrested this afternoon. He was held in $15,000 bail for examination on the 11th inst.

National Howard of Baltimore.

BALTIMORE, June 2.—Jesse B. Baker, a book-keeper formerly employed by the National Howard Bank of this city, was arrested at his home here to-day, charged with embezzlement. He admitted that there was a shortage in his accounts of between $10,000 and $12,000. Baker disappeared two weeks ago and went to St. Louis. He returned to Baltimore a few days ago and was arrested and turned over to the United States authorities to-day. Commissioner Rogers committed him in default of $10,000 bond.

Trust Company at Washington.

WASHINGTON, June 2.—Willard H. Myers, general book-keeper in the banking department of the National Safe Deposit, Savings and Trust Company, of this city, has disappeared. He is alleged to have appropriated to his own use the proceeds of forty shares of a certain stock valued at $7,000. Sixty additional shares of the same stock are missing.

Myers has been a trusted employe of the institution for twenty-three years. The market value of all the stock he is alleged to have taken is about $17,509. Myers was under bond for $25,000.

Bicycle Thief Trapped.

Edward Williams, colored, early yesterday afternoon offered for sale at $1.50 a good Victor bicycle at the store of John Simon, a Syrian merchant, on Market street. Simon had once before lost $10 on a bargain he had driven for a stolen wheel for which a claimant was afterwards found, and not caring to repeat the experience, he reported the offer to Justice Fowler. Deputy Sheriff W. H. Cox went for the negro, who had told the Syrian that he had brought the wheel from Norfolk. In the magistrate's court, he said he had got the machine from a boy named Leroy. The conflicting story sent him to jail under suspicion. Not long afterwards H. H. Harris, the colored contractor, appeared and identified the wheel, saying it had been stolen from him about noon. Williams will be given preliminary trial before Justice Fowler to-day.

Morehead City *Coaster*: "Dr. N. M. Watson, of Wilmington, preached the commencement sermon for Harry North School Sunday morning in the M. E. church (South).
